IV Semester B.Com Skill Enhancement Course (SEC)

Problem Based Learning (PBL)- I

2 Hours per week with 2 credits

Problem Based Learning (PBL) is an innovative, student-centred approach to learning that emphasizes the development of critical thinking, problem-solving and self-directed learning skills. In this course, students learn by actively engaging with real-world, open-ended problems relevant to their discipline, rather than through passive absorption of content. This course encourages inquiry-based learning and experiential understanding, preparing students to address complex challenges in academic, professional, and societal contexts. The role of the instructor is that of a facilitator and mentor, guiding students through the learning process while fostering independence and lifelong learning skills.

Objective of the course

The course aims to:

- Develop analytical, problem-solving skills
- Provide practical exposure to applying theoretical concepts
- Encourage independent learning, creativity and innovation
- Introduce basic idea of inquiry and documentation

Guidelines for the course

1. The course report has to be prepared by individual student after deciding on the topic in consultation with the supervisor
2. It may be **theoretical, empirical, analytical, case-based, or application-oriented**, depending on the topic chosen
3. Topics should be **from the list provided by the Mangalore University** and approved by the supervisor
4. **Components of the report**
 - The report will be of minimum 10pages (excluding cover page, certificate, declaration & annexures) and shall include:
 - Title page
 - Certificate and declaration
 - Table of contents
 - Introduction – minimum one page
 - Content of the study -Data/ information collection and analysis (if applicable)
 - Conclusion – minimum one page
 - Annexures and References (if applicable)
 - **Format of the Report**
 - The reports should be prepared as **printed copies, and all four reports must be submitted** with spiral binding at the end of the semester (**2 copies in all**) **One for the student and the other to be submitted to the department.**
 - Length: **Minimum 10 pages** (excluding cover page, certificate, declaration & annexures)
 - Format:- Font: Times New Roman, Font size: 12 (text), 14 (headings), Line spacing: 1.5, Margins: 1 inch on all sides
5. Assessment and Evaluation
 - Evaluators – internal or external commerce faculty members
 - Basis for evaluation-Analysis and originality, Quality of report writing and **Presentation and viva-voce**: Each student will compulsorily present the report before the evaluators. Viva-voce is mandatory
 - **Marks allotted :**
 - **Internal Assessment -Continuous evaluation : 10 marks**
 - Evaluation of the Report
 - Work carried out : 20 marks

- Report Preparation: 10 marks
- Presentation & viva: 10 marks

6. Workload:

- **The workload is 2 hours per week per teacher for the entire semester**
- **One teacher will supervise maximum upto 40 students per semester**

Learning Outcomes

Upon completion of the course, students will be able to:

- Identify and analyze real-world problems
- Interpret the results and draw meaningful conclusions
- Prepare structured reports
- Present and defend their work confidently

The PBL syllabus is designed to bridge the gap between theoretical knowledge and practical application. Students work individually, analyze situations, gather and evaluate information, propose feasible solutions, and reflect on outcomes. Through this process, learners develop analytical abilities, creativity, communication skills, and ethical reasoning.

Topics recommended for the study

1. Analysing the financial statements of **Three Companies**(using percentages and basic ratios wherever required)
2. Assessment of Income from Salary of minimum 10 assesseees
3. Analysis of Equity Share Price Movement for **Three companies** for 2 months period – simple statistical tools can be used for analysis
4. Understanding Real Estate Market terminologies and calculation of Built up area and FSI
5. Comparison of Equity Share price with SENSEX/NIFTY for 2 months- simple statistical tools can be used for analysis
6. Analysis of the growth of **Three Mutual Funds** for a period of 5 years- simple statistical tools can be used for analysis
7. Advertisement Analysis – Making of an Advertisement (audio visual)
8. Communication and Soft Skills- preparing presentations on soft skills/ making a video of conducting an interview
9. An enquiry on HR practices in local area business (For example, Time Keeping system, Pay roll, Wage system, incentives, Training and development, appraisal system, etc.)
10. Content Marketing
11. Budget analysis
12. Impact of use of Artificial Intelligence (AI) in everyday life
13. Digital Banking
14. Preparation and analysis of personal budgets for everyday life

Preparation and analysis of Cost Sheet of any **Three companies/small industry/any business**
